Policy Domain	WORKPLACE HEALTH AND SAFETY
Document type	PROCEDURE
Applicable to	CATHOLIC EARLY EDCARE
Approved by	DIRECTOR, CATHOLIC EARLY EDCARE

POLICY AND PHILOSOPHY

The CEEC HS POL Emergency Management Policy ensures services are prepared, with appropriate plans and resources for the response to emergency situations. This procedure establishes standard operating practices for emergency management across all services.

PROCEDURES

Included in this document:

1. Emergency Training	1
2. Emergency Management Plans	2
3. Risk Assessments	2
4. Emergency Rehearsals and Incidents.....	3
5. Crisis Management Response	4
6. Catholic Early EdCare Data iPads	4

1. Emergency Training

1.1 Service Leaders will:

- Provide all workers with instruction in emergency procedures within 48 hours of commencing employment ([Queensland Building Fire Safety Regulations 2008](#) and [Australian Standard 3745](#)), and annual training
- provide all staff with the knowledge to assume the responsibility of being an evacuation coordinator.
- record completed training on the [CEEC HS FORM Emergency Training Record](#)
- save completed records to the Service L Drive - \STAFFING\ TRAINING REGISTER AND RECORDS

1.2 All workers must:

- Complete site specific emergency procedure training annually ([Queensland Building Fire Safety Regulations 2008](#) and [Australian Standard 3745](#)) and record on the [CEEC HS FORM Emergency Training Record](#)
- complete First Responder – Fire Awareness Training and Emergency Management Training bi-annually via Arch-e Learn.

1.3 Managers, Service Operations must:

- provide training to newly appointed Service Leaders in emergency procedures within 48 hours of commencing employment, or

- appoint a staff member based at the service, who has completed all emergency management training to provide the emergency training.

2. Emergency Management Plans

2.1 Services require individual emergency and evacuation floor plans and will have unique risk profiles and responses based on their individual contexts. Service Leaders must:

- document service specific procedures and emergency plans using the [CEEC HS GUIDE CEEC Emergency Plan](#)
- review the service [CEEC HS GUIDE CEEC Emergency Plan](#):
 - annually
 - if the service context changes significantly (including changes of facilities or increase in capacity)
- only edit or amend emergency response guidelines in consultation with the relevant WHS Advisor/Fire Safety Advisor
- add site specific information in the spaces required or modify site specific responses if they differ from those in the template.
- access [CEEC TEMPLATE Emergency Risk Assessments](#) to adapt for the service's specific context
- ensure all staff are familiar with the following aspects of the [CEEC HS GUIDE CEEC Emergency Plan](#):
 - site specific procedures
 - the delegation flowchart
 - the checklist for emergency evacuation bags
- any changes and/or site specific guidelines to all staff within one month of the change taking effect.
- procedures identifying who is responsible for each step.

3. Risk Assessments

3.1 Service Leaders must:

- Regularly collaborate with staff to conduct and review risk assessments of designated emergency evacuation routes and assembly points routes, considering:
 - The risk management process for different situations
 - How equipment such as evacuation cots or prams are able to travel through evacuation routes given distances and any obstacles (e.g. a playground, narrow doorways, gates)
 - Accessibility for staff and children with mobility aids
 - The suitability of assemble points if required to assemble for lengthy periods of time.
 - The needs of all children within the care of the service (e.g. medical management plans, children with additional needs, where English is a second language)
 - What will occur during inclement weather?
 - What occurs if the assembly point is a carpark? Access for emergency vehicles, collection times for school etc

- Refer to [CEEC Evacuation Risk Assessment](#) as the base template, and provide service specific requirements and risks
- 3.2 During the creation and review of the [CEEC HS GUIDE Emergency Plan](#), Service Leaders must:
- Collaborate with staff to ensure risk assessments have been undertaken for potential emergencies identified as relevant to the service.
 - Refer to [WHS Risk Management Supporting Documents \(Emergency Management\)](#) for the base Risk Assessment Templates adding and considering service specific context

4. Emergency Rehearsals and Incidents

4.1 [Regulation 97\(3\)](#) outlines the minimum requirement for emergency and evacuation procedure rehearsals every three months: Service Leaders will:

- Follow best practice CEEC procedure to conduct emergency exercises monthly (e.g. 1 lockdown and 1 evacuation drill per month)
- Conduct emergency exercises for each emergency situation identified on the risk assessment checklist contained within the [CEEC HS GUIDE Emergency Plan](#).
- Consider conducting a mixture of unannounced rehearsals, on different days of the week at various times.
- Complete an Emergency Exercise Record on Guardian for each rehearsal, and ensure all sections are completed in their entirety.
- Reflect on the rehearsal with staff and document the reflection.

4.2 Service Leaders will:

- Contact Queensland Fire and Emergency Services (QFES) to request their attendance once per annum to oversee an emergency exercise.
- Request attending QFES personnel complete the required [QFES Form Fire and Evacuation Practice Record](#)
- Request a copy of the completed [QFES Form Fire and Evacuation Practice Record](#) for service records
- Understand QFES is not to develop or request changes to procedures, but to observe and provide feedback.
- Contact a CEEC Fire Safety Advisor to oversee an Emergency Exercise if QFES are unavailable.

4.3 Where a service has been evacuated during an emergency, the Responsible Person in Charge will:

- Inform the Manager, Service Operations that an evacuation is in progress.
- Only return to the building when emergency services state it is safe to do so.
- Inform families that an evacuation was required, and it is now safe to access the service.
- Inform the Manager, Service Operations the service has been cleared for re-entry.

4.4 When emergency services advise the service will remain inaccessible, the Responsible Person in Charge will:

- Notify the Manager, Service Operations for advice on communications to parents.
 - The Manager, Service Operations will escalate to the Regional Manager

- A decision regarding service closure will be approved by the Director CEEC.
- If approved, contact parents to arrange pick up of children if safe to do so.

4.5 Following any workplace emergency, Service Leaders will:

- Complete a [CEEC Early EdCare HS FORM Emergency Incident Report](#)
- Submit completed incident form to ceec.compliance@catholicearlyedcare.qld.edu.au
 - Cc: Manager, Service Operations, and
 - WHS Advisor.

5. Crisis Management Response

5.1 In the event of a crisis situation, or potential crisis situation, at service, the Responsible Person in Charge will:

- Implement the [CEEC HS PRO Crisis Management Procedure](#)

6. Catholic Early EdCare Data iPads

6.1 CEEC Data iPads will be used to account for children during an emergency. Service Leaders will ensure:

- data iPads are as close to fully charged as possible at all times, and never below 75% battery.
- access to a fully charged powerbank in the event of extended power outages.
- service staff are able to access the childcare software via the iPad for emergency contacts for children, staff and the visitor sign in log.
- data iPads used to sign children in are returned to charge immediately after signing in
- the data iPad remains within proximity of the emergency kit.

6.2 In the event of an emergency the data iPad must:

- be collected in accordance with the [CEEC Emergency Response Guidelines](#) if it is safe to do so
- remain in the provided red case.
- be easily accessible and able to be removed from the service with ease.
- only be used for childcare software at all times.

6.3 In the event of wired internet connectivity loss, Service Leaders will:

- Contact Technology Services,
- If Technology Services are unable to resolve the connection, contact the Manager, Service Operations for approval to:
 - hotspot from the data card internet via the data iPad to the computer
 - to be provided RDS access to their L drive (Technology Services will need to set this up)
- Use the data iPad connection to hotspot to other iPads.
- Ensure the data iPad remains on charge during this time
